

BowActuators::setBowActuator

```
graph LR; A[BowActuators::setBowActuator] --> B[debugPrintln]; B --> C[debugPrintCheckType];
```

The diagram illustrates a sequence of three operations. The first operation, 'BowActuators::setBowActuator', is highlighted with a gray background. It is followed by 'debugPrintln', and then 'debugPrintCheckType'. Each operation is contained within a rectangular box, and the boxes are connected by blue arrows pointing from left to right.

debugPrintln

debugPrintCheckType
