

Plugin_AHDSR::recalculate
Rates

```
graph LR; A[Plugin_AHDSR::recalculate Rates] --> B[convertMsToRate]
```

A diagram showing a call from a function to another function. On the left, a gray rectangular box contains the text "Plugin_AHDSR::recalculate Rates". A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text "convertMsToRate".

convertMsToRate
